

ONTARIO

DISTRIBUTION LIST.

The first column under the head "Distribution" shows the Postal Car Route or City through which matter for the several offices should pass. (See Schedule on page 4). The second column under the head "Distribution" shows the Office on which the matter is forwarded by the Railway Mail Clerk or City Office when not mailed direct. The third column is left blank for corrections in pencil. The letters S. and W., following the name of the Forward Office in the first or second column of the distribution, show how the matter should be forwarded in Summer and Winter respectively.

ONTARIO

DISTRIBUTION LIST.

The first column under the head "Distribution" shews the Postal Car Route or City through which matter for the several offices should pass. (See Schedule on page 4). The second column under the head "Distribution" shews the Office on which the matter is forwarded by the Railway Mail Clerk or City Office when not mailed direct. The third column is left blank for corrections in pencil. The letters S. and W., following the name of the Forward Office in the first or second column of the distribution, show how the matter should be forwarded in Summer and Winter respectively.
